1 **Q. Does Staff agree with the proposal in the Agreement to reduce the High Block**
2 **Surcharge and eliminate the Public Safety Surcharge until the Commission's Order**
3 **in the next rate case?**

4 A. Yes. Staff agrees with these recommendations. However, this should not preclude
5 reexamination of the issues in the next rate case, to the extent desired.

6
7 **Q. If the High Block Surcharge is reduced and the Public Safety Surcharge is**
8 **eliminated, how do the Petitioning Parties propose to make up for this reduction in**
9 **the Company's revenues?**

10 A. Since the funds from both of these surcharges are classified as contributions, their
11 reduction and/or elimination do not affect the operating revenues of the Company.
12 Additionally, the Company participated in its formulation, and Staff understands that the
13 Company is in agreement with the proposed reductions.

14
15 **Q. What is Staff's assessment of the Agreement's request to alter the future funding of**
16 **fire flow phases completed after March 1, 2008?**

17 A. Staff believes that it is inappropriate to entertain these types of alterations to the prior
18 Decision at this time. Staff recommends that all issues other than the
19 reduction/elimination of surcharges be addressed in the Company's next rate case which it
20 has indicated it will be filing shortly.

21
22 **Q. So is it correct that Staff does not support a predetermination with respect to a new**
23 **ACRM-like Public Safety Surcharge in this proceeding?**

24 A. Correct. The Parties may advocate their positions in the next rate case. Nothing should be
25 predetermined in this proceeding to limit or preempt the Commission's rate options in the
26 next rate case. A future rate proceeding that allows for a comprehensive and full
